

Wall Expansion Joint Profile

Product Information

Product Model	JEX
Product Type	Wall Expansion Joint Cover
Material	EPDM Rubber Gaskets, Aluminum Alloy 6063 T6,
Finish	Smooth Rubber
Gasket colors	Black, Grey, Beige

The JEX External Vertical Expansion Joint Cover provides a dependable and secure solution for external joints at elevated levels. With its soft profile, high movement capacity, and hazard-free design, it offers superior performance compared to traditional metal covers, mitigating the risk of catastrophic damage to people and properties below in the event of a fall.

Features and Benefits

Hazard-Free Design for External Vertical Joints

Unlike metal covers, the JEX profile eliminates the risk of catastrophic damage to people and properties below in the event of a fall.

High Movement Capacity

The JEX cover accommodates significant movement, making it suitable for a variety of applications where flexibility is crucial.

Low Profile Appearance

With an appearance equal to the joint width, the JEX cover seamlessly integrates into its surroundings, maintaining an aesthetically pleasing look.

Easy Installation

Designed for straightforward installation, saving time and effort during the setup process.

Minimal Maintenance

Requires minimal upkeep, contributing to long-term cost savings.

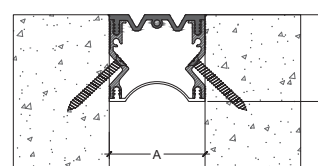

Maintenance

- > Regularly inspect the expansion joint cover for signs of damage or wear.
- > Clean with mild soap and water as needed to maintain appearance.

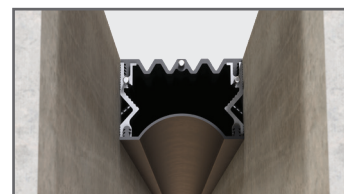

Code	Gap width A(mm)	Depth B(mm)	Total movement (mm)
JEX 50	50	68	40mm (+25 -15)
JEX 75	75	68	60mm (+30 -30)
JEX 100	100	68	100mm (+50 -50)
JEX 150	150	75	100mm (+50 -50)
JEX 200	200	75	150mm (+75 -75)
JEX 250	250	75	150mm (+75 -75)
JEX 300	300	75	150mm (+75 -75)

JEX 150 TO 300

JEX 50 TO 100

Length	Standard length: 3 meters.
Fire Rating	ASTM E84 Class A.
Installation	Please follow the installation instructions provided in the J-CAP installation guide.
