

Floor-Wall Expansion Joint Profile

Product Information

Product Model	RFF-C
Product Type	Floor-Wall Expansion Joint Cover/heavy-duty Profile
Material	Aluminum Alloy 6063 T6
Finish	Mill finish

Introducing our RFF-C Profile, a heavy-duty aluminum construction designed for versatile applications with multi-directional movement capabilities

Features and Benefits

Multi-Directional Movement
Ingeniously engineered with flexible connections between parts and equipped with rubber gaskets, ensuring seamless movement in multiple directions.

Low Profile Design
Engineered with 0 installation height for seamless integration directly above the finished floor.

Versatility
Accommodates different load types, making it a versatile solution for various commercial and industrial settings.

Aesthetics
Its sleek aluminum design seamlessly integrates with surrounding structures, maintaining a visually appealing environment.

Easy Installation
Quick and hassle-free installation process with clear instructions provided.

Versatile Weather Endurance
Engineered with corrosion-resistant properties, this expansion joint cover is well-suited for indoor and outdoor applications. For outdoor use, a water barrier must be incorporated to ensure optimal performance.

Maintenance

- > Regularly inspect the expansion joint cover for signs of damage or wear.
- > Clean with mild soap and water as needed to maintain appearance.

Code	Gap width A(mm)	Visible width B(mm)	Total movement (mm)	Load Capacity
RFF 100C	100	175	30mm (+15 -15)	Private Vehicles
RFF 150C	150	225	60mm (+30 -30)	Private Vehicles

Length	Standard length: 3 meters.
Fire Rating	ASTM E84 Class A.
Installation	Please follow the installation instructions provided in the J-CAP installation guide.
