

Floor-Wall Expansion Joint Profile

Product Information

Product Model	WRP-C
Product Type	Floor Expansion Joint Cover/heavy-duty Profile
Material	EPDM Rubber
Finish	Black Rubber finish

The WRP-C Expansions Joint Profile is an innovative solution specifically designed to address gaps up to 100mm in parking and external areas. Meticulously crafted from high-quality EPDM rubbers, this profile distinguishes itself with exceptional water tightness, a high load capacity, and resilient UV resistance.

Features and Benefits

Flexibility
Designed with exceptional flexibility, accommodating joint movements while maintaining its water-sealing capabilities.

Water Tightness
Unparalleled water tightness ensures protection against moisture infiltration.

Load Distribution
The profile's thick wing design serves a dual purpose by distributing loads evenly and safeguards both the profile and the surrounding structure from potential damages caused by excessive loads.

UV Resistance
Demonstrates high resistance to UV degradation, ensuring longevity in outdoor applications.

Maintenance

> Regular inspection

Recommended to ensure continued water tightness and performance.

> Cleaning

Clean the WRP profile as needed to remove dirt, debris, or contaminants that may accumulate on the surface. Use a mild detergent or a recommended cleaning solution and a soft brush or cloth.

> Long-Term Care

Consider long-term care strategies, such as scheduled replacements or upgrades, based on the product's expected lifespan and the specific conditions of its use.

Code	Gap width A(mm)	Visible width B(mm)	Installation height C(mm)	Installation width D(mm)	Total movement (mm)	Load Capacity
WRP 25C	25	85	20	95	25mm (+10 -15)	Private Vehicles
WRP 35C	35	95	20	105	40mm (+20 -20)	Private Vehicles
WRP 50C	50	110	20	120	55mm (+25 -30)	Private Vehicles
WRP 75C	75	135	20	145	85mm (+40 -45)	Private Vehicles
WRP 100C	100	160	20	170	110mm (+50 -60)	Private Vehicles

Installation

Please strictly follow the installation instructions in the J-CAP installation guide.

Ensure that the installation is carried out by trained professionals.
